Shoes	Normal dress shoes. Brown works with most outfits. No sneakers or boots
Shirt	Either sweater or long-sleeve button down, solid color or subdued pattern, tucked in. Sport coat optional.
Pants	Nicer slacks including khaki or chinos. No pants with outside pockets. No athletic pants/sweatpants. No jeans.
Hair	Well combed. No hair should fall in front of the face.
Other	Make sure to include a suitable belt and appropriate socks. Tie optional.

Women:

Shoes	Dress shoes—either heels or flats depending on what works best for you. Avoid anything that is open toed or heels that are extremely high.
Shirt	Nice blouse or sweater/cardigan, either button down or not. No t-shirts. Blazers optional
Pants/Skirt	No pants with outside pockets. No jeans. Skirts should be close to knee-length, no loud or distracting patterns. Examples: pencil or A-line skirts.
Dress	Dresses should be close to knee-length; no loud or distracting patterns.
Hair	Hair can be up (especially if it's long). Hair can be worn down, but must appear tidy and should not tend to fall over the face or present any kind of distraction.
Other	Earrings or necklaces/scarves are a good idea, but nothing loud or distracting in color or style.

Comments: Guys—do not show up with a full suit. Suits are considered formal, not business casual. If any of the clothing items you plan to wear have been crumpled in a ball at the back of your closet then you'll need to do some ironing. Make sure everything is clean and tidy.
